

IMPORTANT – READ FIRST BEFORE USING 3-D CAD FILES

PLEASE NOTE:

- These files are intended to be used for preliminary designs only.
- The CAD models of EcoONE-Series components are provided in COLD CONDITION and DO NOT take into account the heat expansion calculations that are necessary for your specific application.
- Only the final design package provided with your order, which includes final 3-D models and GA drawings of your system, should be used for manufacturing purposes.
- If you have any questions, please reach out to your local Mold-Masters technical expert [CONTACT US](#)

All intellectual property rights (including all copyright and design rights) in the CAD models and related information belongs to Mold-Masters. You must not reproduce or distribute the CAD models for purposes other than the above-mentioned purpose without the prior written consent of Mold-Masters.
